

# SOMETHING SPECIAL IS IN THE AIR

**A great WiFi connection, every time**

We rely on WiFi nearly as much as we rely on oxygen. WCTEL offers three WiFi maintenance packages to ensure that your WiFi is operating to peak performance.

- TV not working and you have no clue why?
- Connection to the internet slowing down?
- Phone connection popping and crackling more than your popcorn?
- Power out but you still need to connect to the internet?

## WIFI STANDARD

**\$4.95/MO**

Connect all of your wireless enabled devices with a worry-free high quality wireless home network. We will install your WiFi router, connect your devices, and password protect your WiFi network. You'll receive assistance from our help desk, including technical support for setup and adding additional devices to your network.

*\*Some devices excluded.*

## WIFI EXTENDED

**\$7.95/MO**

Do you have trouble getting a strong WiFi signal in certain parts of your home? Get all the features of WiFi Standard, plus a WiFi extender that boosts your signal to other parts of the house. A WiFi extender is like an extra length of hose that helps you reach a corner of your garden. WiFi Extended keeps you connected.

*\*Wiring fee required.*

## WIFI PREMIUM

**\$16/MO**

Get the widest ranging WiFi signal and the fastest speeds with WiFi Premium. This plan includes the installation of a WiFi mesh network that's perfect for large homes with multiple devices, heavy-duty streaming and other data needs.

*\*Installation fee required.*

Choose the *support* that fits your lifestyle.
