

# \$30/MO DISCOUNT FOR WIFI/INTERNET

## The National FCC Affordable Connectivity Program

**You could be eligible for a \$30/month discount on WiFi/Internet from WCFIBER.**

This is a national FCC program to help eligible households pay for internet service.

### Eligibility for the Affordable Connectivity Program:

A household is eligible if one member of the household:

- Qualifies for the Lifeline program, including those who receive Medicaid, SNAP, WIC, SSI, FPHA or Veterans Pension and Survivors Benefit;
- Has an income that is at or below 200% of the federal poverty guidelines;
- Is approved to receive benefits under the free and reduced-price school lunch program or the school breakfast program, including through the USDA Community Eligibility Provision in the 2019-2020, 2020-2021, or 2021-2022 school year
- Received a Federal Pell Grant during the current award year; or
- Meets the eligibility criteria for a participating provider's existing low-income program.

Excludes any taxes and fees.

## FAQ:

**How much of a discount will I receive on my internet service?** If eligible, you will receive a monthly discount of up to \$30.

**Can I sign up for the Affordable Connectivity Program if I am already a customer or if I was a customer in the past?** Yes, the benefit is available to eligible new, prior, and existing customers of participating providers.

**Can I receive both the Affordable Connectivity Program discount and Lifeline benefits at the same time?** Yes. You can also combine these benefits with other state and local benefits where available. They can be applied to the same qualifying service or separately to a Lifeline service and internet service with the same or different providers. For example, an eligible household could have a Lifeline-supported mobile phone service and a separate home broadband service that is supported through the Affordable Connectivity Program.

**Everyone at my child's school receives breakfast and lunch at no cost. Do we qualify?** A household may enroll in the Affordable Connectivity Program if its school participates in the Community Eligibility Provision, or the household separately applied for and has been approved for benefits in the free and reduced price school lunch program or school breakfast program. If a school is offering lunch or breakfast free to all students regardless of income based on a program other than the Community Eligibility Provision - such as through COVID-19 waivers extending the Seamless Summer Option (SSO) or Summer Food Service Program (SFSP) - then the household would not be eligible through the free and reduced price school lunch program or school breakfast program by virtue of an extension of the SSO or SFSP.
